

NICOLAE TESTEMIȚANU STATE UNIVERSITY
OF MEDICINE AND PHARMACY

POSTGRADUATE CLINICAL INTERNSHIP

for foreign citizens, graduates of the
Nicolae Testemițanu USMF

The postgraduate clinical internship is a form of postgraduate training designed for foreign citizens – graduates of the Medical Program of Nicolae Testemițanu USMF, aimed at consolidating theoretical knowledge and practical skills necessary for professional activity and/or access to residency.

PURPOSE

To develop the clinical skills necessary for the exercise of the profession or for access to residency.

DURATION AND STRUCTURE

The internship lasts 12 months (365 days) and includes mandatory clinical modules in essential medical specialties, in accordance with the program approved by Nicolae Testemițanu USMF.

TRAINING VENUE

The internship takes place in accredited medical institutions approved by Nicolae Testemițanu USMF.

INTERN'S RESPONSIBILITIES

The intern must comply with institutional regulations, ethical and confidentiality standards, and complete the Internship Logbook for each module, obtaining all necessary signatures.

SUPERVISION AND RESPONSIBILITIES

Interns are guided and evaluated by teaching staff. The institutions provide adequate training and supervision conditions.

EVALUATION AND COMPLETION

The intern must complete all modules, carry out the clinical activities provided for and submit the Internship Logbook completed and signed as required.

CERTIFICATION

Upon fulfillment of all requirements, the Intern receives the official Certificate of Completion of the Postgraduate Clinical Internship, issued by Nicolae Testemițanu USMF and the Ministry of Health.

LEGAL FRAMEWORK

The internship is organized in accordance with the Regulation approved by Order of the Minister of Health no. **589** of 02.07.2025 and implemented by Nicolae Testemițanu USMF in collaboration with accredited clinical institutions.

FINAL EVALUATION

The postgraduate clinical internship ends with the final evaluation of the intern's theoretical knowledge and practical skills, conducted in the manner established by Nicolae Testemițanu USMF.

LANGUAGE OF INTERNSHIP

The internship is conducted in Romanian.

ROMANIAN LANGUAGE COURSES (OPTIONAL)

For those who wish, Romanian language courses are offered at a price of **450 EUR** until the start of the internship.

INTERNSHIP PERIOD

The postgraduate clinical internship takes place between **SEPTEMBER 1** and **FEBRUARY 1**, depending on the graduation date.
