0. Introduction

The EU Funding & Tenders Portal ('Portal') is an electronic portal and exchange system managed by the European Commission and used by itself and other EU services (together 'EU') for the management of EU funding and tenders (EU grants, prizes and procurements).

1. Background, objectives and scope

This call is a **call for expression of interest** for the Portal Expert Database for the period 2021-2027.

It seeks individuals to assist the EU services in a personal capacity as experts with the implementation of EU funding and tenders managed through the Portal, in particular:

- assessing applications for funding (including tenders)
- monitoring of projects and contracts
- opinions and advice on specific issues.

Tasks may include evaluation, monitoring and advice of all types (*such as evaluation of applications, observing evaluation procedures, project reviews, coaching activities, ethics reviews including checks and audits, etc*).

The Portal Expert Database is the central database for all expert work in this domain. Registration is a mandatory prerequisite for being contracted by us to work as expert in any EU funding programme.

 Registration does not automatically mean that you will be contracted for task assignments. This will depend on our business needs and fulfilment of certain formal requirements.

If you are contacted for a task assignment, you will need to sign an **EU Expert Contract**.

By replying to this call and signing the contract, you agree to perform the assignments to the **highest professional standards** and in compliance with the:

- **conditions set out in this call**
- [Expert Terms of Reference](#)

and

- [Expert Code of Conduct](#)

in their version as published on the Portal at the moment of contract signature.

2. Timetable and deadlines

This call for expression of interest is permanently open for the entire duration of the EU Multi-annual Financial Framework (MFF) period 2021-2027.

3. Eligible profiles

We are looking for experts with a high level of expertise and professional experience in all fields of EU action and policy.

The areas of expertise needed are those of the EU funding programmes and tenders as described on the [Portal homepage](#).

Very good language skills (in particular in English) are mandatory.

 If selected for assignments involving classified information, you will need to obtain appropriate security clearance from their national security authority (NSA).

4. Exclusion

Persons who are subject to EU administrative sanctions (i.e. exclusion or financial penalty decision)¹ or in one of the following exclusion situations that bar them from receiving EU funds can NOT work as experts:

- bankruptcy, winding up, court-ordered administration, arrangement with creditors, suspension of business activities or similar procedures
- in breach of social security or tax obligations
- guilty of grave professional misconduct²
- committed fraud, corruption, links to a criminal organisation, money laundering, terrorism-related crimes (including terrorism financing), child labour or human trafficking
- shown significant deficiencies in complying with main obligations under an EU procurement contract, grant agreement, prize, expert contract, or similar
- guilty of irregularities within the meaning of Article 1(2) of Regulation No [2988/95](#)
- have created an entity under a different jurisdiction with the intent to circumvent fiscal, social or other legal obligations in the country of origin.

Experts will also be refused if it turns out that³:

- during the contract award procedure they misrepresented information required as a condition for participating or failed to supply that information
- they are in a conflict of interest.

Similarly, it is not possible for us to contract persons that are excluded from receiving EU funds on other legal grounds (e.g. entities subject to [EU restrictive measures](#) under Article 29 of the Treaty on the European Union (TEU) and Article 215 of the Treaty on the Functioning of the EU (TFEU)⁴, etc).

5. Procedure

In order to work as an expert assisting in the implementation of EU Funding and Tenders, you must declare your interest by registering in the Portal Expert Database.

¹ See Article 136 of Regulation (EU, Euratom) 2018/1046 of the European Parliament and of the Council of 18 July 2018 on the financial rules applicable to the general budget of the Union, amending Regulations (EU) No 1296/2013, (EU) No 1301/2013, (EU) No 1303/2013, (EU) No 1304/2013, (EU) No 1309/2013, (EU) No 1316/2013, (EU) No 223/2014, (EU) No 283/2014, and Decision No 541/2014/EU and repealing Regulation (EU, Euratom) No 966/2012 ('[EU Financial Regulation](#)') (OJ L 193, 30.7.2018, p. 1).

² Professional misconduct includes: violation of ethical standards of the profession, wrongful conduct with impact on professional credibility, false declarations/misrepresentation of information, participation in a cartel or other agreement distorting competition, violation of IPR, attempting to influence decision-making processes or obtain confidential information from public authorities to gain advantage.

³ See Article 141 EU Financial Regulation [2018/1046](#).

⁴ Please note that the EU Official Journal contains the official list and, in case of conflict, its content prevails over that of the [EU Sanctions Map](#).

If we would like to engage your services, we will contact you to propose the task assignment and check your availability. At that moment, we will also need to verify your identity and bank account and check compliance with the mandatory legal requirements laid down in the EU Financial Regulation [2018/1046](#).

 Please note that registration in the Expert Database does nothing more than declare your interest in working for us. We do not check your eligibility or any other conditions at that moment and registration does not entail any entitlement to receive assignments.
